

ARIZONA BUS CLUB

Dear Generous Donor,

The Arizona Bus Club is an Arizona-based, family-oriented club, dedicated to the restoration, preservation and enjoyment of the Volkswagen Transporter (aka VW Bus). We are a 501(c)3 public charity that has been an active member of our community for many years.

Our club's primary fundraiser, the Jerome Jamboree, is a VW camping event held each September near the town of Jerome, Arizona at the Gold King Mine. We raffle off several prizes large and small including our Grand Prize a club-restored VW Bus. 2024 will mark our 33rd anniversary of this event. Starting around January each year, club members gather nearly every Saturday working to restore the event Bus. They spend many tireless hours donating their own talent and skills, using money raised and donated parts/supplies to get the job done.

The money raised from the Jamboree raffle and other fundraisers is donated to various Arizona charities. Some of these charities have included the Jerome Volunteer Fire Department, Walter Hive, 4 Wheels 4 Good, Liberty Wildlife, Ryan House, Dogs 4 Vets, Hospice of Arizona and Sleep in Heavenly Peace.

We are asking you for items to use as raffle prizes or monetary donations in any amount to help the club in our twofold mission, restoring VW buses and donating to local charities.

On behalf of the entire Arizona Bus Club and our many charities please accept our sincere gratitude for any items you are willing to donate.

Sincerely,

The Arizona Bus Club Board
